

Mercedes C63 / C43 AMG 205 installation photos and assembly instructions Damper control RX1 ME2-C

- Vehicle-specific cable set
- C63 / C43 W205 with performance exhaust system
- A requirement is at least two exhaust flaps in the area of the rear silencer
- Park the vehicle, switch it off and open the trunk
- Remove boot floor and cover
- Locate the plug for exhaust flaps (is located directly towards the rear apron)
- Disconnect plug connection (plug connection see Figure 1)
- Fit the control unit in a secure location in the near vicinity
